FOLAR needs a techie - Volunteer Website Manager

FOLAR needs a techie to keep the FOLAR website updated. Would suit a student member, who would enjoy improving or extending their website skills while exploring another aspect of landscape architecture. The FOLAR website is hosted by Squarespace. Time input would vary but typically might involve a couple of hours a week, and/or a more extended input once a month. A basic honorium of £480 per annum (£40 per month) would be paid plus a free ticket to all FOLAR Zoom meetings.

Candidates who can also offer skills in preparing Zoom recordings for YouTube would be welcomed (with appropriate addition to honorarium). Knowledge/experience of Mailchimp would be a bonus!

Please apply to FOLAR c/o info@folar.uk with brief CV and 100 words on your suitability for the role.
